Note on Judges: Welcome to All our Judges & their Dogs too! Many of our Judges would like to run their dogs in the events offered at this trial. To accommodate this, at times throughout the day, events may be temporarily closed so that the Judge may run their own dogs in other events such as Conformation Classes, etc. **For Sanctioned event Judges - this does NOT include entry into classes or events that they are judging on that day.** We will do our best to schedule & post the times at each event that may be closed for short periods to allow the judge to compete elsewhere. We would ask if you are at an event and a Judge arrives and asks to be allowed to go to the front of the line, please let them run their dogs and thus be able to return to their judging assignment as quickly as possible.

The Alternate Judge for **Non-Sanctioned** events is Chris Halbur. At this trial the alternate judge will be available to judge dogs owned by the assigned judge for the event. This allows judges coming to our trial to run their dogs in all events. These dogs will be run at a scheduled time determined by the alternate judge. Time will be recorded and kept by the alternate judge and entered into the judge's book at the end of the day.

General Rules For All Exhibitors

1. All sanctioned classes are open to Jack Russell Terriers only.
2. Exhibitors and owners of terriers entered must be current JRTCA members and not be members of a conflicting JRT organization or register their JRTs in any all-breed registry or conflicting JRT registry. If an exhibitor is found to be in violation of this policy, entry will be disqualified, and no refunds will be given. If a violation is confirmed after the trial, placements will be voided from all JRTCA records. Exhibitors must submit a completed entry form including a signed waiver for every trial they entered.
3. Entries MUST be within the 10-15" JRTCA height standard for all sanctioned classes (with the exception of pups who have not yet met the 10" height standard); measuring devices will be available on the trial grounds.
4. Puppies (under 12 months) are not eligible for championship in any division but their own. Puppies are eligible to compete only if they have reached their four-month birthday (not 16 weeks). A puppy's age is the actual age the pup is on the day of the trial.
5. Bitches in season may not compete in any division. Pre-entry fees of bitches in season will be refunded with a veterinarian certificate, or as otherwise agreed upon by the Trial Chairperson.
6. Spayed or neutered terriers may compete in Working and Miscellaneous Conformation. They may not compete in Puppy, Family* or Open Conformation. *Note: For Family Classes, Brood Bitches and Stud Dogs entered may not be spayed/neutered. The offspring at their sides may be intact or spayed/neutered.
7. A terrier bred by a sanctioned JRTCA Judge may not be shown under the Judge in the conformation division.
8. Terriers owned or co-owned by the Trial Chairperson, or any member of their household, may not be entered into any phase of the competition, except for Child or Youth Handling.
9. Terriers owned by Judges may not be entered into the division or section which they are judging but may enter the competition in any other division.
10. Terriers owned by stewards may be entered into any division provided that they find a substitute to perform their duties or have someone else show their terries.
11. Requests for the measurement of a terrier entered in any class number may be made only by another exhibitor in that same class number or by the Judge EXCEPT in racing. Requests for the measurement of a terrier in Racing may be made by the Judge or by an exhibitor with a terrier entered in the same class number; OR, if classes are split by gender, may call for measurement of a terrier in the opposite gender in the same age and height category. (Example: The owner of an under adult dog entered in Racing may call for the measurement of an under adult bitch as the potential exists for them to race each other in the Championship Races). Exhibitors racing puppies may call for the measurement of a puppy in a different age category as long as it is in the same height category. The person making the request for measurement must name the terrier or terriers they wish to have measured, but requests for measurement of entire classes will not be honored. The measurement of the terrier will be considered the terrier's official height for the duration of the trial. Only JRTCA height cards issued after September 1999 will be honored.
12. Excessive use of squeaky or fur-like baiting devices by exhibitors is prohibited in the Conformation ring and may result in the exhibitor being excused from the class. "Excessive use" will be at Judge's discretion.
13. Exhibitors participating in the JRTCA Working Terrier classes or Certificate GTG and Super Earth must submit the appropriate JRTCA certificates with pre-entries or at the time of post-entry. The Judge may require a copy of the certificate be presented to the Ring/Den steward at time of judging. Registered terriers may submit a copy of NHC application signed by a JRTCA Working Judge within 30 days of the date it was issued.
14. Puppies under the age of three months are not permitted on trial grounds. Any person violating this rule will be excused from all classes entered and asked to leave the trial site. (This applies to RV's & campers if at the same address as the trial grounds).
15. All dogs must be leashed or crated except when competition requires off-leash work. No liberty leashes allowed.
16. Overly aggressive dogs or an owner's failure to control their dogs, may result in disqualification at the discretion of the Judges or the Trial Chairperson.
17. The abuse or severe discipline of dogs on trial grounds is prohibited. Anyone displaying such behavior will be asked to leave the trial site, and no entry fees will be refunded.
18. Dogs, other than JRT's on the grounds may be excluded or permitted at the discretion of the Trial Chairperson.
19. Exhibitors are responsible for double-checking the classes they have entered and being on time. No refunds will be given for missed classes.
20. The owner/handler of a terrier entering any class does so at his/her own risk and agrees to abide by the rules of the JRTCA and the trial. A copy of the JRTCA Rule Book can be downloaded for the JRTCA website www.therealjackrussell.com
21. Unsportsmanlike conduct, or the use of foul and abusive language, will not be tolerated. Anyone demonstrating such conduct will be asked to leave the trial site, and no entry fees will be refunded. Racing Note for Championship Run Off:

A. Terrier must place first in a flat or hurdle race final to qualify for championship run offs. First to the hole is not necessarily first through the backside of the barrier.
B. A terrier MUST ENTER & FINISH in both, at least one flat & 1 hurdle race at the beginning level based on trial entries (heat, semi, final).
C. A terrier must continue to advance, if qualified, to all additional semi-final heats up to the final championship race. If injured, the terrier is then finished and cannot race in the final.
D. A FINISHED race is when the terrier runs down the track unassisted (by owner or anyone else) with a secured muzzle to the backside of the barrier.
E. In the event a terrier does not meet all the above criteria, the second-place terrier in the final of that class (either flats or hurdles) will qualify for the championship run off if they meet the criteria as outlined above.

This Trail & Locate Obstacle course is a **non-sanctioned** event which simulates a real environment where a dog must follow a scent while navigating through a course of obstacles & challenges to locate and open on live quarry. The course will be scented using rat urine. Dogs have a total of 2 minutes to find the quarry. When directed by the Judge, owners will release their dog at the starting gate. The dog must then follow the scented course. The scent course travels over, through, under, and around a wide variety of obstacles such as tunnels, hay bales, brush piles, fencing, equipment, machinery & other items. The dog's time starts when they are released at the starting gate. The timer stops when the judge determines that the dog has found the quarry. If a dog bypasses or skips an obstacle, one second is **added** to their time (for each obstacle that is bypassed/skipped). Saturday (Only) Nosework Division

Nosework Parameters/Guidelines:

Open to dogs six months & older who are capable of alerting to the target odors. Level 1 target odor is birch. There is one hide in each Level 1 search, with maximum time limit of two minutes. Level 2 target odors can be birch, anise & clove. There are two hides in each level 2 search, with search times between 2:30 and 4 minutes. A Level 1 title is not required to enter Level 2 classes. Owners may enter two dogs in the same class but must either have someone else handle the second dog or wait until the end of the class to allow the judge time to relocate the hide. Teams must go through start-line markers and call “alert” when hides are found. Search areas will be clearly marked. In Level 1 searches, one incorrect call is allowed but incurs a 5-second fault. For Level 2 searches, handlers must call “finish” after the second hide is found. An incorrect call in Level 2 ends the search and results in a non-qualifying run. Time faults incurred for dropped food, failure to go through start-line marker, excessive disturbance of search area, incorrect call in Level 1 and failure to call “finish” in Level 2 searches. Eliminating (pee, poop, or vomit) in a search area ends the search and results in a non-qualifying score and no placement. Consult the rulebook for more detailed information: https://www.therealjackrussell.com/download/nosework2025.pdf
